From 2014, young people have had to continue their education or training beyond 16 years, but this does not mean you must stay at school/college. You can start an apprenticeship, earn a wage while you learn and continue with your education, gaining further qualifications and valuable experience. Qualifications in Apprenticeships are the same as those in full-time education.

“ CHOOSING TO DO AN APPRENTICESHIP WAS MOST CERTAINLY THE BEST DECISION FOR ME! I THOROUGHLY ENJOYED BEING ABLE TO WORK, GET PAID AND GAIN A QUALIFICATION AT THE SAME TIME ”

“ WITHOUT THIS APPRENTICESHIP, I WOULDN'T HAVE BEEN ABLE TO GAIN THE HUGE VARIETY OF SKILLS AND COMPREHENSIVE KNOWLEDGE THAT I HAVE NOW ”

“ THERE ARE PLENTY OF OPPORTUNITIES TO LEARN AND DEVELOP YOUR LEADERSHIP SKILLS ”
